

AP Scholar Awards

Award	Requirements
AP Scholar	Grades of 3 or higher on three or more full-year AP exams
AP Scholar with Honour	Grades of 3 or higher on four or more full-year AP exams avg. exams grade of 3.25
AP Scholar with Distinction	Grades of 3 or higher on five or more full-year AP exams; avg. exam grade of 3.5
AP International Scholar	The one male and one female student in the world with the highest grades on the greatest number of full-year AP exams. Student must attend a school outside the US.

Each year the AP programme confers awards to High School students who have demonstrated outstanding achievement on their AP examinations. The criteria for scholar awards differ for each level of achievement.

The Advanced Placement International Diploma (APID)

The APID certifies the achievement of successful AP candidates and is recognized by a number of universities around the world. It was designed to accommodate American and international students at High Schools in the US or abroad who are applying to a university outside the US.

To qualify for the APID, students must earn AP grades of 3 or higher on four AP exams in three of the five subject areas listed below. Students must take a total of two exams in two different languages (Subject Area I), either a Science or Mathematics exam (Subject areas II & III), and one or more exams from any subject area not already used.

Subject Area I:	Languages
Subject Area II:	Mathematics
Subject Area III:	History & Social Sciences
Subject Area IV:	Sciences
Subject Area V:	Electives

Students do not formally apply for the APID. It is automatically awarded to any AP student who successfully completes the Diploma criteria and resides outside the US. Students who meet the criteria and live in the US will be awarded a Diploma certificate if they request their AP examination results to be sent to a university overseas.
